II.—CIRCULATION OF LETTERS IN SCOTLAND.

1. The deliveries and despatches of letters, etc., in Scotland are, for the most part, regulated by the hours of the day and night mails from and to London *via* the London and North-Western Railway, excepting the Counties of Berwick, Selkirk, and part of Roxburgh and Haddington, the south mails for which, as well as the local letters, are conveyed by the North-Eastern and North British Railways. The branch posts throughout the country, as a general rule, work *from* the arrival and *to* the despatch of one or other of the London mails, diverging from the various points on the main lines of communication between Carlisle and the south-west of Scotland on the one hand, and Edinburgh, Aberdeen, and the northern counties on the other.

2. The first, or *Day* mail, leaves London at 7.15 A.M., arriving at Edinburgh at 5.50 P.M., and Glasgow at 6 P.M., the letters received thereby being delivered immediately thereafter. This mail reaches Aberdeen at 3.20 A.M. the following morning, Inverness at 8 A.M., and Wick (the northern extremity of the railway system in the United Kingdom) at 5 P.M. The return *up* mail, leaving Tain at 9.30 A.M., Inverness at 1.30 P.M., and Aberdeen at 4.40 P.M., proceeds southwards from Carstairs Junction with the mails despatched from Edinburgh and Glasgow respectively at 9.25 and 9.15 P.M., arriving in London at 8 A.M.

3. The second, or *Night* mail, leaving London at 8.50 P.M., arrives at Dumfries, Edinburgh, Glasgow, Stirling, Perth, and Dundee in time for a morning or early forenoon delivery; at Aberdeen at 10.35 A.M.; at Inverness at 1.30 P.M.; and at Wick at 8.0 P.M. The return *up* mail is despatched from Wick at 12.10 A.M. (Sundays at 2.30 A.M.); from Inverness at 10.10 A.M.; from Aberdeen at 12.30 P.M.; and from Edinburgh and Glasgow at 6.10 and 6 P.M. respectively, arriving in London at 4.5 A.M. There is no delivery of letters in London on Sundays.

4. The postal communication between Fifeshire, Edinburgh, and the eastern counties of Scotland, and the north-eastern counties of England, is chiefly by the North-Eastern and North British Railways. The trains (conveying also the *London* mails for Berwickshire, Selkirkshire, and part of Roxburgh and Haddington shires) arrive in Edinburgh at 6 A.M. and 7 P.M., and depart at 2 P.M. and 6.30 P.M.

Irish Mails.

5. Letters between Scotland and Ireland are despatched and received by both the London mails *via* Holyhead. Letters for Belfast and the north of Ireland, posted in Edinburgh up to 6.30 P.M., in Glasgow up to 8.30 P.M., and in the north in time for the London up night mail, are sent *via* Greenock and Belfast by steamer, leaving the former place at 9.50 P.M. daily, Sundays excepted. A return mail is received from Belfast and the north of Ireland at Greenock at 4 A.M. (Saturdays 5 A.M.), except on Monday mornings. Letters for the north of Ireland are also forwarded by the up day mail (Edinburgh 9.25 P.M., Glasgow 9.15 P.M.) *via* Stranraer and Larne, Sundays excepted.

Mails for the Orkney Islands.

6. The mails are despatched daily (excepting Sundays) from Thurso in Caithness at 10 A.M., returning from Stromness at 5.30 A.M., and Kirkwall (Scapa) at 7 A.M. The despatch from Stromness is at 4 P.M. and from Thurso at 8.30 P.M. during the months of May, June, July, and August.

Mails for the Shetland Islands.

7. Mails to and from the Shetland Islands are conveyed from Aberdeen every Monday and Friday evening, arriving at Lerwick on Wednesday and Sunday mornings; and returning from Lerwick to Aberdeen every Monday and Wednesday at 6 and 10 P.M. alternately. There is a third weekly mail leaving Aberdeen on Wednesday evening, and returning from Shetland on Friday at 6 and 10 P.M. alternately during the summer months from May to September.

Mails for Skye and the Hebrides.

8. The Skye mails are conveyed daily (Sundays excepted) by steamer from the railway terminus at Strome Ferry, six days a week during the months of July, August, and September, and three days a week during the remainder of the year; they are forwarded by mail cart from Strome Ferry on the other three days. The mails for the Long Island are conveyed between Dunvegan (Skye) and Lochmaddy (North Uist) by sailing packet daily (Sundays excepted) throughout the year.

Mails to and from the Island of Lewis are conveyed between Ullapool and Stornoway five days a week from 1st April to 30th June, six days a week from 1st July to 30th September, and three days a week during the remainder of the year. The excepted days in summer are Sunday and Tuesday. In winter the steamer leaves Stornoway on Monday, Wednesday, and Friday mornings, arriving at Ullapool in time for despatch of London mail, and leaves Ullapool for Stornoway on the same mornings at 10.30.

III.—RATES OF POSTAGE, AND CONDITIONS OF TRANSMISSION.

Inland Letters.

9. The rates of postage to be prepaid are as follows, viz. :

For a letter not exceeding 1 oz.	1d.
„ exceeding 1 oz. but not exceeding 2 oz.	1½d.
„ „ 2 oz.	4 oz. 2d.
„ „ 4 oz.	6 oz. 2½d.
„ „ 6 oz.	8 oz. 3d.
„ „ 8 oz.	10 oz. 3½d.
„ „ 10 oz.	12 oz. 4d.

A letter *exceeding* the weight of 12 oz. is liable to a postage of a 1d. for every ounce beginning with the first ounce. A letter, for example, weighing between 14 and 15 ounces, must be prepaid fifteen pence.

A letter posted unpaid is chargeable on delivery with double postage; and letter posted insufficiently prepaid is chargeable with double the deficiency. On re-directed letters the charge for re-direction (an additional postage at the prepaid rate) is the same whether prepaid or collected on delivery.

No letter may exceed the dimensions of 18 inches in length, 9 inches in width, or 6 inches in depth.

Colonial and Foreign Letters.

10. For the rates on these letters, reference is recommended to be made to the *Post Office Guide*, published quarterly by command of the Postmaster-General, price 6d.

Newspapers.

11. All newspapers registered at the General Post Office, London, printed and published in the United Kingdom, at intervals not exceeding seven days, may be sent by post, singly or in a packet, within the United Kingdom, for a postage of one halfpenny for each newspaper, prepaid either by an adhesive stamp or by the use of a stamped wrapper. A packet containing two or more registered newspapers is not chargeable with a higher rate of postage than that chargeable on a book packet of the same weight. A newspaper posted unpaid, and a packet of newspapers posted either unpaid or insufficiently paid, will be charged with the unpaid rate applicable to book packets. The title and date of publication must be printed at the top of every page (including supplements, tables of contents, etc.), and the newspaper must be folded in such a manner that the title may be readily inspected. It must either have no cover, or be in a

cover entirely open at both ends. If it contain any enclosure, except a supplement issued therewith, the packet will be charged *as a letter*, unless the enclosure be such as may be sent at the book rate of postage, *and the entire packet be sufficiently prepaid as a book packet*. A newspaper which has any letter, or any communication of the nature of a letter, written in it or upon its cover, will be charged as an unpaid or insufficiently paid letter. No packet of newspapers must exceed 14 lbs. in weight, 2 feet in length, and 1 foot in width or depth.

The conditions of registration for transmission abroad are the same as those for inland transmission; excepting that for foreign transmission, a newspaper may be published at intervals of thirty-one days, and must be posted within eight days from the date of publication, including the day of publication.

For the rates, etc., on newspapers going abroad, reference should be made to the *Post Office Guide*.

Inland Book Post.

12. The rate of postage, which must be prepaid in stamps, is one halfpenny for every 2 oz. or fraction thereof.

If not sufficiently prepaid, double the deficiency will be charged; and if sent unpaid, a double rate is charged. All letters or sealed enclosures in a book packet are forbidden. If this rule be infringed, the entire packet will be treated as a letter. If any letter, or communication of the nature of a letter, be written on a book or its cover, the packet will be charged unpaid letter postage. Entries, however, merely stating who sends the book, etc., or to whom it is given, are not regarded as a letter.

The cover of the packet must be entirely open at both ends, and so as to admit of the contents being easily withdrawn for examination, otherwise it will be treated as a letter.

Circulars are admissible at the book rate, if in identical terms, and the whole or greater part be printed, engraved, or lithographed.

A book packet, in dimensions, must not exceed 6 inches in depth, 9 inches in width, 18 inches in length, nor 5 lbs. in weight.

For information respecting rates of postage and regulations applying to book packets for places abroad, see the *Post Office Guide*.

Colonial and Foreign Pattern and Sample Post.

13. The pattern and sample post is restricted to *bona fide trade patterns or samples of merchandise, and no article liable to custom duties can be sent as a sample or pattern*. Goods sent for sale, or in execution of an order (however small the quantity may be), or any articles sent by one private individual to another, which are not actually patterns or samples, are not admissible.

Patterns or samples, when practicable, must be sent in covers open at the ends, and so as to be easy of examination.

Post Cards.

14. Post Cards which bear a halfpenny impressed stamp are available for transmission between places in the United Kingdom.

Nothing is allowed to be written or printed on the front (or stamped) side *but the address*. On the reverse side any communication, whether of the nature of a letter or otherwise, may be written or printed. Nothing whatever may be attached; nor may the card be folded, cut, or otherwise altered. If any of these rules be infringed, the card will be charged 1d. on delivery.

Foreign post cards may be sent to all countries comprised in the Postal Union.

Postage Stamps, Wrappers, and Envelopes.

15. Postage labels (which are available for the prepayment of telegrams) are issued of the respective values of $\frac{1}{2}$ d., 1d. (*postage and inland revenue*), $1\frac{1}{2}$ d., 2d., $2\frac{1}{2}$ d., 3d., 4d., 5d., 6d., 1s., 5s., 10s., and £1.

Stamped envelopes are made of four sizes, and are sold at 2s. 2d. and 2s. 4d. per packet of twenty-four.

Newspaper wrappers, bearing impressed halfpenny and penny stamps, are sold in packets of six for $3\frac{1}{2}$ d. and $6\frac{1}{2}$ d. respectively.

It is no longer legal to use for postage any embossed or impressed stamp, cut out or otherwise separated from any cover, paper, or card on which it was embossed. Postage stamps are permitted to be purchased from the public at the various Money Order offices throughout the country, but no *single* stamps can be purchased; they must, in all cases, be presented in strips of at least two stamps adhering to each other.

IV.—REGISTRATION.

16. By the prepayment of a fee of twopence, any letter, newspaper, or book packet may be registered to any place in the United Kingdom.

Registered letters must be prepaid as regards both postage and registration fee.

The registration of a packet makes its transmission much more secure; and the loss of a registered packet is a very rare occurrence. By law the Postmaster-General is not responsible for the safe delivery of registered letters or packets; but, under certain conditions (for which see the *Post Office Guide*), the contents of a registered letter, lost while passing through the post, will, to the extent of £2, be made good.

Registered letter envelopes, cloth lined, bearing a twopenny stamp embossed on the flap, have been prepared for greater security in the transmission of notes, coins, etc., and can be had at any post office.

Every letter to be registered should be presented to an agent of the Post Office, and a receipt obtained for it; it should on no account be dropped into the letter-box, otherwise it will be charged a registration fee of eightpence.

V.—MONEY ORDERS.

17. The Commission on inland money orders is—

For sums under 10s.,	2d.	For sums of £6 and under £7,	8d.
" of 10s. and under £2,	3d.	" " £7 " " £8,	9d.
" " £2 " " £3,	4d.	" " £8 " " £9,	10d.
" " £3 " " £4,	5d.	" " £9 " " £10,	11d.
" " £4 " " £5,	6d.	" " £10,	1s.
" " £5 " " £6,	7d.		

No order is allowed to contain a fractional part of a penny.

With certain exceptions, no money order can be issued unless the applicant furnish, in full, the surname, and at least the initial of one Christian name, both of the remitter and the payee, together with the remitter's address.

An order once issued cannot be cancelled.

The holder of a money order is always at liberty to direct, by crossing it, that the order be paid through a bank, even though its payment was not originally so restricted; and when the order is thus presented, the question put on the presentation of an ordinary money order is dispensed with.

Money orders do not require a receipt stamp.

No application can be entertained for compensation for alleged injury from the non-payment of a money order at the expected time.

After once paying a money order, by whomsoever presented, the Office is not liable to any further claim.

VI.—POSTAL ORDERS.

18. Postal orders, for certain fixed sums from 1s. up to £1, are now issued to the public at all post offices in the United Kingdom at which money order business is transacted, and at Malta and Gibraltar.

The following are the amounts for which postal orders are issued, together with the poundage payable in respect of each Order :—

Amount of Order.	Poundage.	Amount of Order.	Poundage.
s. d.		s. d.	
1 0	½d.	10 0	2d.
1 6	½d.	12 6	2d.
2 6	1d.	15 0	2d.
5 0	1d.	17 6	2d.
7 6	1d.	20 0	2d.

VII.—POST OFFICE SAVINGS BANKS.

19. These banks are established under the provisions of the Act 24 Vict. cap. 14, entitled '*An Act to grant additional facilities for depositing small Savings at interest, with the Security of the Government for the due Repayment thereof,*' and are open daily during the hours appointed for money order business for the receipt of deposits of one shilling, or any number of shillings, subject of course to the limitations of amount prescribed in the Acts previously in force for Savings Banks.

VIII.—GOVERNMENT INSURANCES AND ANNUITIES.

20. The Postmaster-General is empowered, under the Act 27 and 28 Vict. cap. 43, to insure the lives of persons of either sex, between the ages of 16 and 60, for not less than £20 or more than £100. He is also empowered, under the same Act, to grant immediate or deferred annuities of not more than £50 on the lives of persons of either sex, and of the age of 10 years and upwards. The persons whose lives are insured, or to whom annuities are granted by the Postmaster-General, have direct Government security for the payment of the money at the proper time.

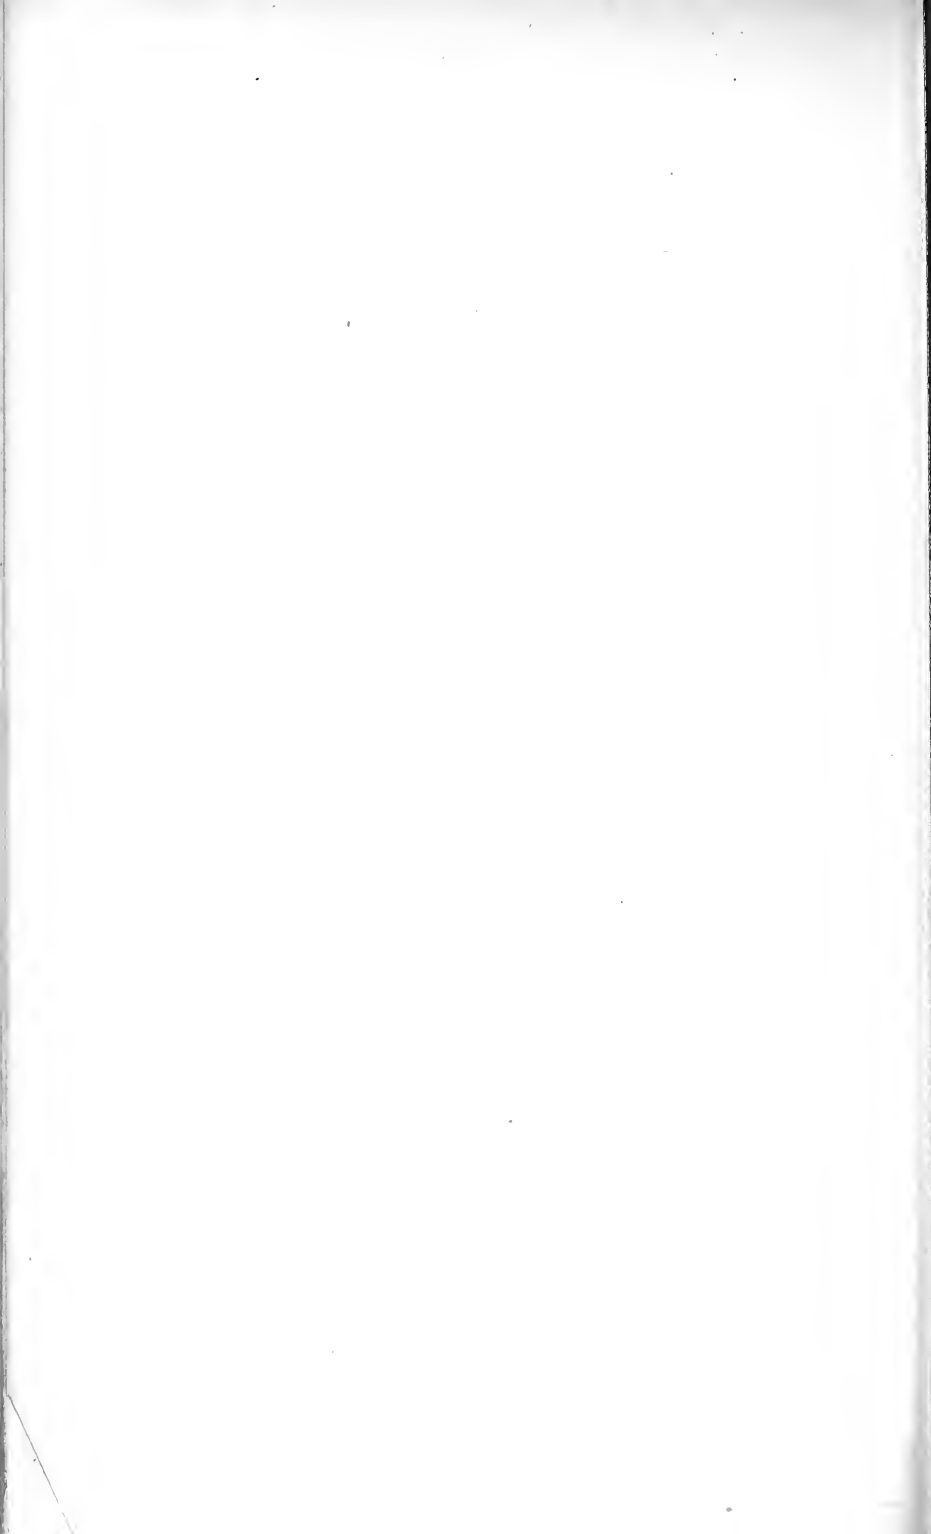

IX.—SUGGESTIONS TO THE PUBLIC, ETC.

21. Facility is given to the Post Office in the discharge of its daily duties, and greater security afforded to the public, by careful attention to the following recommendations :—

- 1st. To post all letters, etc., as early as practicable, especially when sent in large numbers, as is frequently the case with newspapers and circulars. The trouble of the Office is much diminished if circulars, before being posted, be tied in bundles, with the addresses all faced one way.
- 2d. To make the address legible and complete, giving the name of the post town; and if there be more than one town in the kingdom of that name, or if the post town be not well known, adding the name of the county.
- 3d. To see that every letter, newspaper, or other packet sent by post, is securely folded and fastened. When postage stamps are remitted, they should be enclosed in paper sufficiently thick to prevent them being seen or felt through the cover.
- 4th. Never to send money or any other article of value through the post, except either by means of a *money order* or in a *registered letter*.
- 5th. When complaint is made of letters or newspapers lost, miscarried, or delayed, to furnish to the Surveyor-General information, as precise as possible, regarding all the facts of the case, and to enclose whatever documents may throw light upon it.
- 6th. To see that every letter contains the full address of the writer, in order to ensure its due return, if the person to whom it is directed cannot be found.

The Post Office is not responsible for any injury which books or other articles forwarded by post may sustain; and the public, therefore, should not employ the Post Office for the conveyance of anything likely to suffer injury in transit. Neither is the Department responsible for any loss or inconvenience which may arise from the mis-sending, mis-delivery, loss, etc. of a letter or postal packet.

Any person who, on receiving a surcharged letter, has reason to think that the letter has been wrongly taxed, should take it, *before it has been opened*, to a post office to be weighed, and should have its exact weight certified in writing at the post office. The cover should thereafter be forwarded to the Surveyor-General, with a statement of the matter.

THIS ASSOCIATION presents the benefits of LIFE ASSURANCE in a variety of forms adapted to the circumstances and requirements of all classes, at RATES of PREMIUM which will bear favourable comparison with those of any other Company affording similar advantages. It also furnishes

PROVISIONS FOR OLD AGE

in the shape of ENDOWMENT-ASSURANCES, payable to the Assured themselves on the attainment of Specified Ages, or to their Representatives at death, should that happen sooner.

NON-FORFEITURE POLICIES.

Under the NON-FORFEITURE SYSTEM, premiums are payable for a limited number of years only, and each payment (after a fifth of the whole number has been made) secures *absolutely a proportionate part of the Sum Assured*. Policy-holders can thus, if they find it expedient, discontinue the payment of premiums without losing any of the benefits for which they may have already paid.

FAMILY TRUST POLICIES.

Policies on the NON-FORFEITURE SYSTEM are now issued under the 'MARRIED WOMEN'S POLICIES OF ASSURANCE (SCOTLAND) ACT, 1880,' securing FAMILY PROVISIONS free from the control of Creditors. The ASSOCIATION is thus in a position to offer an *absolutely secure provision* for the family of an assured life for every premium paid, without the necessity of a separate Trust Deed.

IMMEDIATE PARTICIPATION IN PROFITS.

The PROFITS are ascertained and divided every FIVE YEARS,—NINE-TENTHS (NINETY PER CENT.) being appropriated to the Assured, and each Policy-holder having an equitable share allotted to him, *however recent his Assurance*. At the Seven successive Periodical Investigations, which took place in 1846, 1853, 1860, 1865, 1870, 1875, and 1880, REVERSIONARY BONUS ADDITIONS, at rates which have never been less than

ONE POUND TEN SHILLINGS PER CENT. PER ANNUM,

were made to the Sums Assured by all Participating Policies effected for the whole term of life. Thus a Policy for £1000 opened in 1840 now amounts to £1650.

The EIGHTH QUINQUENNIAL INVESTIGATION and DIVISION OF PROFITS will take place at CHRISTMAS 1885.

The Claims Paid by the Office since its commencement, including Bonus Additions, amount to **£1,875,000.**

LOANS are granted, in connection with Life Assurance, on LIFE INTERESTS, REVERSIONS, PERSONAL and other approved securities.

Under the LIFE INSURANCE SYSTEM of this Company, the Assured obtain *every privilege* and *advantage* which experience has suggested as possible, added to the *safety* of dealing with a Company of more than *fifty years' standing*, possessing large ACCUMULATED FUNDS.

EARLY BONUS SCHEME (E.B.)

Besides the privileges which it has from the outset, an ordinary Policy of the **Early Bonus Class**, which has complied with the necessary conditions, will, *at the end of Three years*, enjoy the following **EXCEPTIONAL ADVANTAGES**:—It will be

Entitled to rank for Bonus Additions;
Indisputable on the ground of Errors or Omissions;
World-wide without Extra Charge; and

Liable only to reduction in amount on non-payment of the Premium.

In short, it will be subject to no condition except payment of the original premium, and not to entire forfeiture even if that premium be not paid.

SPECIAL BONUS SCHEME (D.B.)

Under this scheme Policies are issued at *Rates which do not exceed, and in many cases fall short of the Non-Profit Rates of other Offices.* They share in the profits when the Premiums received, accumulated at 4 per cent. compound interest, amount to the sum assured. *Policies issued at these very economical Rates practically receive a Large Bonus at the outset.* At age 30, £1200 with right to profits can be insured for the same Premium as would be charged for £1000 under the usual profit schemes of most Offices.

THE SCOTTISH EQUITABLE is a *Purely Mutual Office*. There are no Shareholders to absorb any portion of the Profits, which are therefore wholly divided among the holders of Participating Policies.

The next INVESTIGATION and DIVISION OF PROFITS will be made as at 1st March 1883, and persons lodging proposals for insurance before that date will secure the advantage of an additional year's Bonus over subsequent entrants.

The Existing Assurances, including Bonus Additions, at 1st March 1882 were	£8,618,646
The Annual Revenue was	329,641
The Assurance Fund was	2,544,900
The Accumulated Fund is therefore 11·4 times the Premiums of the year.	

THE PREMIUMS ON WHOLE-LIFE POLICIES are now calculated by Half-years of Age, so that those who insure within six months of a birthday will be charged a Lower Rate of Premium than hitherto.

By Resolutions recently passed, the conditions as to Foreign Residence and Travel have been made MUCH MORE LIBERAL, and at the same time GREATLY SIMPLIFIED. The POLICIES (with few exceptions) become, after Five Years, Indisputable, Whole-World, and free from all conditions, except payment of the ordinary Premium; age having been proved.

NON-FORFEITABLE POLICIES are granted by the Society on a new and improved plan, which combines the advantages of MODERATE PREMIUMS payable for a LIMITED NUMBER OF YEARS (11, 22, or 33), ULTIMATE PARTICIPATION IN THE PROFITS, FIXED SURRENDER VALUES, and the issue of FULLY PAID-UP POLICIES without special application, thus including all the real advantages that Life Assurance admits of.

SETTLEMENT POLICIES with special advantages, and free from all claims of creditors in the event of subsequent insolvency, are granted under the 'Married Women's Policies of Assurance (Scotland) Act, 1880.'

LOANS are granted in connection with Life Insurance, on Life Interests, Reversions, and other approved Security. The Directors are also prepared to entertain proposals for the sale of Reversions to the Society.

FIRE DEPARTMENT.

Insurances are granted on Property situate in all parts of the British Dominions, and in most Foreign countries, at rates which are computed according to the actual risk incurred.

The Company has already paid over **THREE MILLIONS STERLING** for Claims under its Fire Policies.

LIFE DEPARTMENT.

The Company offers the advantages of perfect security, with great economy in management, and moderate rates of premium.

The Total Expenses in the year 1881 were slightly under $7\frac{1}{2}$ per cent. of the Income from Premiums and Interest, or excluding Commission paid to Agents, less than 4 per cent.

In the Participation Branch, the whole of the ascertained surplus at each valuation belongs to the Assured. The amount for the Quinquennium ending 31st December 1880, was sufficient to provide a Bonus of £1, 10s. per cent. per annum upon the sum assured, or £7, 10s. per cent. for the whole Quinquennium, besides leaving £46,311 to be carried forward.

PROSPECTUSES ON APPLICATION.

WORKS ON AGRICULTURE.

THIRD EDITION.

THE BOOK OF THE FARM. Detailing the Labours of the Farmer, Farm Steward, Ploughman, Shepherd, Hedger, Farm Labourer, Field Worker, and Cattleman. By HENRY STEPHENS, F.R.S.E. Illustrated with Portraits of Animals painted from the life, engraved on Steel, and 557 Engravings on Wood. New Edition. Two large volumes, half-bound, £2, 10s.

‘We can unreservedly commend this new edition, and we should augur well for the agricultural future of this country if it could find a place on every farmer’s book-shelf. It is in its favour that it contains within four covers all the book-learning a farmer need know.’—*Saturday Review*.

‘We assure agricultural students that they will derive both pleasure and profit from a diligent perusal of this clear directory to rural labour. . . . We have thoroughly examined these volumes; but to give a full notice of their varied and valuable contents would occupy a larger space than we can conveniently devote to their discussion: we therefore, in general terms, commend them to the careful study of every young man who wishes to become a good practical farmer.’—*Times*.

THE BOOK OF FARM IMPLEMENTS AND MACHINES. By J. SLIGHT and R. SCOTT BURN, Engineers; Edited by H. STEPHENS. 876 Engravings. Uniform with ‘The Book of the Farm.’ Half-bound, £2, 2s.

THE BOOK OF FARM BUILDINGS, THEIR ARRANGEMENT AND CONSTRUCTION. By HENRY STEPHENS and R. SCOTT BURN. 1045 Engravings. Uniform with ‘The Book of the Farm.’ Half-bound, £1, 11s. 6d.

ELEMENTS OF AGRICULTURAL CHEMISTRY AND GEOLOGY. By the late Professor J. F. W. JOHNSTON of Durham; and CHARLES A. CAMERON, M.D., Professor of Chemistry to the Royal College of Surgeons, and the Royal Agricultural Society of Ireland, etc. Twelfth Edition, revised and brought up to the present time. Fcap. 8vo, 6s. 6d.

‘Viewing the book in its present form as a whole, it may safely be pronounced, not merely a treasury of useful information, but a medium for the inculcation of sound, and in the highest sense practical, principles. It would be a happy day, not merely for the agricultural interest, but for England in general, if farming were generally carried on in the light of the law laid down in these pages.’—*Chemical News*.

CATECHISM OF PRACTICAL AGRICULTURE. By HENRY STEPHENS, F.R.S.E., Author of ‘The Book of the Farm.’ A New Edition. With Engravings. 1s.

PROFESSOR JOHNSTON’S CATECHISM OF AGRICULTURAL CHEMISTRY. A New Edition, revised and extended, being the 78th Thousand. By CHARLES A. CAMERON, M.D., F.R.G.S.I., etc. With Engravings. 1s.

‘This Catechism, which is written in simple and intelligent language, is a useful and instructive handbook for farmers; it will, no doubt, be a favourite amongst agriculturists.’—*Farmers’ Herald*.

‘It is an admirable compendium of the elements of agricultural chemistry, and forms an excellent introduction to a more detailed study of the subject. Its clear, concise, and simple way of stating facts renders it specially serviceable for the study of the young in rural districts; and practical farmers will find it very useful as a summary of chemistry and geology in their relation to agriculture.’—*Aberdeen Journal*.

CHAMBERLIN'S PHEASANT'S FOOD.

AROMATIC SPANISH MEAL, CAYCAR EXCELSIOR.

OBTAINED THE ONLY AWARD FOR GAME FOOD,

PARIS INTERNATIONAL EXHIBITION, 1878.

BRONZE MEDAL AND DIPLOMA, MANNHEIM, 1880.

SILVER MEDAL, CLEVES, 1882.

Supplies constantly forwarded to Her Majesty's Royal Parks; H.R.H. the Prince of Wales, at Sandringham; and to all the Noblemen and Landed Proprietors in the United Kingdom, France, Germany, Holland, Belgium, Sweden, etc.

The great and increasing yearly demand for the AROMATIC SPANISH MEAL AND CAYCAR EXCELSIOR is the best proof that the use of these celebrated foods [which have now been used by all the principal rearers of game for more than thirty years] is not only highly beneficial, but absolutely necessary to the successful rearing of young Pheasants and Game.

Write for the New Book of Prices, with Treatise on Pheasant Rearing, free by post.

CHAMBERLIN'S CANADIAN POULTRY MEAL.

Turkeys, Geese, Ducks, and Chickens fed on this Meal thrive wonderfully, are kept free from disease, and will lay nearly double the number of eggs. Fowls commence laying at about seven months old. Turkeys, so difficult to breed, are reared with the greatest success upon this Meal with scarcely a loss of 3 per cent. If shut up they will fatten in a very short time, and the colour and delicacy of the meat is surprising. It is invaluable in cold and exposed situations, and success at Poultry Shows is only assured by the use of this Meal.

Price 24s. per cwt., including 12 packets of Aromatic Compound and Bag, less 4s. per cwt. to meet the charge for carriage, nett price to remit with order 20s. per cwt. Packed also in Three-pound Packets, 6d. each.

Write for 'Chamberlin's Guide to Poultry Keeping,' post free 7½d.

CHAMBERLIN'S GRANULATED DOG FOOD.

The Granulated Dog Food is found invaluable for Pointers, Setters, Mastiffs, Hounds, House and Yard Dogs. It keeps the dogs in perfect health, and their coats free from all unpleasant smells. It is more nourishing than oatmeal, and very grateful to the palate. Dogs eat it with avidity. The Granulated Dog Food is invaluable for bitches just whelped, and also for young puppies, which feed wonderfully upon it. It is constantly supplied to eminent breeders and judges of dogs.

Price Twopence per Packet.—Packed in Boxes, 3 doz. packets, including box, 6s. 6d.; 12 doz. packets, including box, 25s.

HEALTH, TONE, AND VIGOUR.

FOR
STRENGTHENING
THE NERVES,

AND
PURIFYING THE
BLOOD.

THIS Preparation is pronounced by the most eminent members of the Medical Profession to be unequalled for its power in replenishing the vitality of the body, by its supplying all the essential constituents of the blood and nerve substance, and for developing all the powers and functions of the system to the highest degree. It is very agreeable to the palate, innocent in its action, while retaining all its extraordinary properties; and as a Specific surpassing all the known therapeutic agents of the day for the speedy and permanent cure of:—

Nervous prostration.
Dizziness.
Hypochondria.
Incapacity for study or business.
Mental & Physical depression.
Nervous fancies.
Liver complaints.

Noises in the head and ears.
General debility.
Lassitude.
Trembling of the hands and limbs.
Impaired sight and memory.
Impoverished blood.
Premature decline.

Palpitation of the heart.
Loss of energy and appetite.
Indigestion.
Shortness of breath.
Consumption (in its first stages only).
Nervous debility in all its stages.

And all morbid conditions of the system, arising from whatever cause. The action of the Restorative is two-fold—on the one hand increasing the principle which constitutes nervous energy, and on the other the most powerful blood and flesh generating agent known: therefore a marvellous medicine for renovating impaired and broken-down constitutions. **It quickly improves the function of assimilation, to such a degree,** that where for years an emaciated, anxious, cadaverous, and semi-vital condition has existed, the flesh will rapidly increase in quantity and firmness, and the whole system return to a state of robust health. The Vital Restorative acts electrically upon the organisation; for instance, it assists nature to generate that human electricity which renews and re-builds the muscular, nervous, and organic systems. It operates on the system without exciting care or thought upon the individual as to the process. It moves the lungs, liver, heart, kidneys, stomach, and intestines, with a harmony, vigour, yet mildness unparalleled in medicine.

From the *MONTHLY MAGAZINE OF PHARMACY, CHEMISTRY, etc.*—‘MESSRS. HILTON & Co. are manufacturing two very useful articles, one being a **MEDICATED VOLTAIC ELECTRIC PERFORATED PLASTER**, the other “**Sir ASTLEY COOPER’S VITAL RESTORATIVE**,” a capital tonic and nerve invigorator. This last is carefully prepared from a recipe written by the late Sir Astley Cooper, and is most effective in its action.’

Beware of Spurious Imitations. Ask for ‘Sir Astley Cooper’s Vital Restorative.’ Do not let the chemist persuade you to take any other. The argument of larger bottles and less price is put forward. It is **QUALITY** the afflicted require—not *quantity*.

Sold in Bottles at 2s. 9d., 4s. 6d., 11s., and 22s. each, by most Chemists, and sent to any address on receipt of price by

HILTON & Co., 9 Northumberland St., Strand, London.

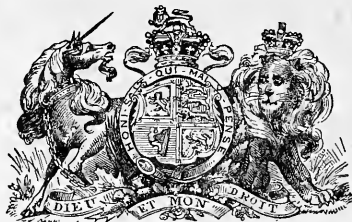

CAUTION.—See that the words ‘Sir A. Cooper’s Vital Restorative’ are blown in each bottle, and that the above Trade Mark is on the Label, without which it cannot be genuine.

Wholesale Agents.—**BROWN BROS. & CO.,** 110 and 112 Trongate, Glasgow, and all the Wholesale Houses.
